CLASS MEETINGS: Tuesdays and Thursdays 2:00 pm – 3:50 am - Room 100 Willamette

i>Clickers

You are required to purchase an i>clicker remote for in-class participation. i>clicker is a response system that allows you to respond to questions we pose during class, and you will be graded on that feedback and/or your in-class participation. In order to receive this credit, you will need to register your i>clicker remote online within the first week of class. You must have come to class at least once and have voted on at least one question in order to complete this registration properly.

To register your clicker, visit the CH 113 blackboard site and complete the registration form located in the "Course Documents" folder. Complete the fields with your first name, last name, Duck ID, and remote ID. Your Duck ID is your UO email username not your 950 or 951 ID number. The remote ID is the series of numbers and sometimes letters found on the bottom of the back of your i>clicker remote.

i>clicker will be used every day in class, so please bring your remote daily.

Clicker Tips and Policies:

Clicker questions will be asked on a daily basis. Generally, class will begin with one or two questions based on concepts from the reading and previous lectures. Questions will also be asked during class to give you a chance to assess your understanding and to provide us with feedback as to the pace and coverage of the material. Questions based on previous class material will earn 2 points for a correct response, 1 point for an incorrect response and 0 points for no response. All other questions will earn 1 point for any response and 0 points for no response. Because most of the clicker points will be based on participation, it is in your best interest to attend class every day and remember your clicker. Each day’s points will be converted to a percentage and posted on Blackboard. The lowest 4 daily scores will dropped at the end of the term.

If you forget you clicker, or your battery fails during class, we will give you two opportunities to still earn credit. In order to get credit, you must write down your name, UO ID number, date, and your answers to each question. For answers involving calculations, all work must be shown. You must turn this in to the instructor before they leave the room after class. Submissions will not be accepted after that time. After two paper submissions, you will not be able to earn credit if you were unable to use your clicker for any reason.
